Critical Incident Chaplain Services™

Critical Incident Chaplain Services (CICS) is an interfaith ministry of presence and the arm of Emergency Ministries in Southern Nevada. We provide comfort and support services to: Chaplains and other Clergy, Military Personnel, EMS, Fire, Law Enforcement and Dispatch agencies, “On-Scene” and “Behind-Scene” activities, Hospital and Hospice facility staff, all with an emphasis of critical incident trauma and stress assistance.

We focus on breaking the silence and asking the tough questions, while being sensitive to the fact suicidal thoughts come with intense feelings of shame and guilt. Being faced with these daily challenges while fighting to ensure public safety can have traumatic, and lasting damage on the lives of our responders and their loved ones. The services we provide are with non-judgmental compassion and support.
